

# Solar Royal, LLC unveils the SolaVent™ 30Watt 'Reversible' Ventilation Gable Fan and Passive Vent Converter w/Thermostat

*SolaVent 30Watt 'Reversible' Ventilation Gable Fan (solar fan) and Passive Vent Converter*

AUSTIN, TX, USA, June 21, 2022

/EINPresswire.com/ -- SolarRoyal, LLC announces the launch of another flagship product, the SolaVent™ 30Watt 'Reversible' Ventilation Gable Fan (solar fan) and Passive Vent Converter w/thermostat. SolarRoyal™ LLC is the leading manufacturer of premium solar ventilation solutions for residential, commercial, and utility applications. No other company in the nation offers a solar ventilation product range as SolarRoyal.

The 30Watt SolaVent™ is the most versatile 'Reversible' gable vent on the market but also converts any existing passive roof vents into solar-powered active ventilation, whether a new install or retrofit to existing commercial and/or residential vents: dormer vents, box vents, ridge vents, turtle vents commercial vents, gables, and turbines. Easy installation with our patent-pending two-piece design and reversible air-flow for multiple unit installation applications. No other gable fan offers the versatilities and/or product quality as the SolaVent™ - period!

"Our company is committed to making the most versatile solar ventilation products more affordable while providing a product that offers everyone the smartest solution for their solar ventilation needs," said Roy Stocker, President of Solar Royal, LLC.

The only purpose-driven reversible fan with applications only limited by one's imagination. Apartments and multi-housing complexes have passive vents which can easily be converted to active solar ventilation. Crawl spaces, gable vents, garages, homes on peer-n-beam, mobile

SolaVent 30Watt 'Reversible' Ventilation Gable Fan

homes, storage sheds, barns, stalls, chicken coops, etc, are all perfect fits for the SolaVent™.
