

The Spa Butler Launches World's First "Smart" Handheld Cryotherapy Machine through Partnership with America Cryo

The new Subzero local cryotherapy machine enhances beauty and manages pain for a low cost

DALLAS, TX, USA, July 20, 2022

/EINPresswire.com/ -- [The Spa Butler](#), a key leader in the booming cryotherapy industry, is debuting yet another innovative product for the health-conscious community: The Subzero by America Cryo is a localized aesthetic skin cooling device that reaches sub-zero degree temperatures making cryotherapy facials convenient, manageable, and cost-effective. Half the price of nitrogen-based products, the easy-to-use Subzero is now available for purchase.

Sports therapists and beauty professionals alike are [praising the Subzero local cryotherapy machine](#) thanks to its impressive benefits for clients, such as injury recovery, physical therapy support, wrinkle reduction, sun spot elimination, collagen boosting,

inflammation and swelling reduction, and increased blood flow. The CO2 based device does not use nitrogen to function, eliminating any risk of asphyxiation do the inhalation of nitrogen vapors or burning from the transfer of liquid nitrogen between cryogenic dewars. Its non-abrasive process makes the Subzero ideal for use on animals as well.

The Spa Butler has now made the Subzero available to interested parties in all relevant industries and businesses thanks to a newly formed partnership with America Cryo. The handheld cryotherapy machine retails for one third the price of nitrogen-based localized
