

Leadership4Life Program Awarded Grant from Firehouse Subs Public Safety Foundation

SAN ANTONIO, TX, UNITED STATES, June 23, 2022 /EINPresswire.com/ -- We are honored to share that the Firehouse Subs Public Safety Foundation has provided Military Warriors Support Foundation a grant for \$20,000 to support our Leadership4Life Program.

The Leadership4Life program supports combat-wounded veterans in their transitional journey from military to civilian life. This program includes a life mapping plan, where participants discover the purpose of their life and create a plan to fulfill that purpose. This is accomplished through virtual and live training sessions and group experiences that focus on the responsibility and growth of each individual and the duty of community. Participants experience increased confidence, productivity, and more personal responsibility. This generous donation will directly support our veterans as they receive training sessions and individual growth opportunities in our 1-year program.

For the past 16 years, donations have been the driving force behind Firehouse Subs Public Safety Foundation® supporting first responders and public safety organizations nationwide. During the most recent grant cycle, the Foundation awarded 90 grants totaling more than \$2 million to public safety organizations across the country that need critical lifesaving equipment and resources.
