## Key Highlights of Report

In March 2020, GC Rieber Oils, a Norwegian producer of marine-derived omega-3 concentrates, collaborated with Barrington Nutritionals to distribute its Vivo mega omega-3 fish oils line in Mexico and the US market to expand the application of Vivomega oils in the functional food, nutraceutical, and pharmaceutical sectors.

In May 2020, Royal DSM, a purpose-led, global science-based company dealing in nutrition, health, and sustainable living, launched a high-quality life's DHA SF55-O200DS oil for maternal and infant nutrition solutions. Life's DHA SF55-O200DS, a sustainable plant-based alternative to fish oil produced from Schizochytrium algae, supports infant health and development and can be consumed in a single, convenient dose.

North America held the largest market share in the year 2020 and is expected to register a stable CAGR during the forecast period. Rising awareness about the array of health benefits provided by omega-3 PUFA among the consumers, willingness to spend more on nutritional products, fortified food product availability, and approval from the United States Food and Drug Administration to include omega-3 drugs in a diet for better heart health application are the key factors driving the market growth. The American Health Association recommends eating one to two servings of seafood per week to reduce the risk of heart problems. The US is a major contributor to growth of omega-3 PUFA market in North America, followed by Canada and Mexico.

### Market Segmentation:

The Omega 3 PUFA Market report segments the industry into key segments and sub-segments and offers insight into the segment expected to show significant growth over the coming years.

Emergen Research has segmented omega-3 PUFA market based on type, source, application, and region:

#### Type Outlook (Revenue, USD Billion; 2021–2028)

Docosahexaenoic Acid (DHA)

Eicosapentaenoic Acid (EPA)

Alpha-linolenic Acid (ALA)

#### Source Outlook (Revenue, USD Billion; 2021-2028)

Marine Source

Plant Source

#### Application Outlook (Revenue, USD Billion; 2021-2028)

Functional Food & Beverages

Dietary Supplements

Infant Formula

Pharmaceuticals

Animal Feed & Pet Food

Others
