

Battlefield Management Systems Market Size, Trends and Forecast | 360 Research Report | Emergen Research Study

Market Size – USD 14.86 billion in 2019, Market Growth - CAGR of 4.8%, Market Trends – Higher usage of Artificial Intelligence in defense intelligence agencies

VANCOUVER, BC, CANADA, June 21, 2022 /EINPresswire.com/ -- The Global [Battlefield Management Systems Market](#) is forecasted to be worth USD 21.79 billion by 2027, according to a current analysis by Emergen Research.

The key factors influencing the market include increasing usage of battlefield intelligence, rising demand for cyber security in military & defense intelligence involving the data breaches from the confidential governing bodies, rising threats & tensions in asymmetric warfare, and growing investment in the defense bodies & foreign intelligence platforms, among others.

“

The increasing emphasise on battlefield technology upgrade and extensive rise in investment in the defense & foreign intelligence are the major factors influencing the market growth.”

Emergen Research

Researchers have taken a holistic approach towards the global market analysis and highlighted the factors that influence the overall growth of the market. The study involves the use of efficient analytical tools like SWOT analysis and Porter’s Five Forces to inspect the strengths, weaknesses, opportunities, and threats associated with the growth of the various market segments. The report provides crucial details, such as the market shares of the key players, which help the reader attain a comprehensive outlook of the battlefield management systems market.

Emergen Research Logo

The latest research report serves as a perfect example of the precise analysis of the global battlefield management systems market. It includes the ToC, list of tables and figures, research

methodology, geographic segmentation, competitive landscape, future developments, and technological innovation. Moreover, the report offers the latest coverage of the massive impact of the COVID-19 pandemic on the worldwide battlefield management systems industry. The globally-disrupting incidence has impacted nearly every aspect of this business domain. However, the latest study expounds on the present market scenario and forecasts the pandemic's aftermath, with respect to this industry. Furthermore, the major aspects of the market have been discussed in the report, with expert opinions on the current status of the market.

Further key findings from the report suggest

In May 2020, BAE Systems announced the completion of the acquisition of the business of Airborne Tactical Radios of Raytheon Technologies Corporation. This acquisition will help deliver game-changing electronic mission and control solutions for their customers.

The Defense Intelligence is growing with the fastest CAGR of 6.3% throughout the projected period owing to its higher incorporation of intelligence protocols, including the nextgen communication, surveillance, reconnaissance, information fusion & data analytics, electronic warfare & spectrum dominance, and cyber control systems, among others.

The regions in the Asia Pacific lead by China, India, Japan, and South & North Korea are allotting a considerable budget for their defense grooming purposes. Besides, growing incidences of interpersonal stand-offs, asymmetric warfare, along with a higher economic development, enhancement in the technological industry deliberately help propel the battlefield management systems market enforcement.

Competitive Outlook:

The global battlefield management systems market is highly consolidated due to the presence of a large number of companies across this industry. These companies are known to make hefty investments in research and development projects. Also, they control a considerable portion of the overall market share, thus limiting the entry of new players into the sector. The global battlefield management systems market report studies the prudent tactics undertaken by the leading market players, such as partnerships and collaborations, mergers & acquisitions, new product launches, and joint ventures.

Some of the key participants in this industry include:

Key players in the market The Boeing Company, BAE Systems, Lockheed Martin, Rockwell Collins,

Elbit Systems, Northrop Grumman, Thales Group, Leonardo S.p.A., Raytheon Company, and General Dynamics, among others.

For the purpose of this report, Emergen Research has segmented into the global Battlefield Management Systems Market on the basis of Application, Platform, Component, Technology, and Region:

Application Outlook (Revenue: USD Billion; 2017-2027)

- Computing System
- Navigation & Imaging System
- Communication & Networking System
- Surveillance & Reconnaissance
- Intelligence & Data Warfare
- Combat Simulation, Training & Health Monitoring
- Others

Platform Outlook (Revenue: USD Billion; 2017-2027)

- Land
- Airborne
- Naval
- Joint
- Space

Component Outlook (Revenue: USD Billion; 2017-2027)

- Computer Hardware Devices
- Computer Software
- Display Devices
- Imaging Devices
- Night Vision Devices
- Tracking Devices
- Wired Communication Devices
- Wireless Communication Devices
- Identification Friend or Foe (IFF)
- Others

Technology Outlook (Revenue: USD Billion; 2017-2027)

- Artificial Intelligence
- 3D Printing
- Internet of Things
- Wearable Devices
- Others

Key regions covered in the report:

North America

Europe

Asia Pacific

Latin America

Middle East & Africa

The report considers the following timeline for market estimations:

Historical Years: 2017 – 2018

Base Year: 2019

Estimated Year: 2027

Forecast Years: 2020 – 2027

Valuable Market Insights:

The report highlights the latest trends observed in the consumption pattern of each regional segment.

Extensive market segmentation included in the report helps better understand the revenue and estimated growth of the individual regions.

The report throws light on the historical and current market scenarios and provides a concise year-on-year growth rate of the global battlefield management systems market.

The report further entails the current market trends, technological advancements, revenue growth, and other aspects affecting market growth.

Questions addressed in the report:

What is the estimated market growth rate throughout the forecast period?

Which end-use industry is expected to witness the highest demand for battlefield management systems in the near future?

What is the regulatory framework governing the application of battlefield management systems in the food industry?

Which manufacturing processes are utilized for the production of battlefield management systems market?

About Emergen Research

Emergen Research is a market research and consulting company that provides syndicated research reports, customized research reports, and consulting services. Our solutions purely focus on your purpose to locate, target, and analyze consumer behavior shifts across demographics, across industries, and help clients make smarter business decisions. We offer market intelligence studies ensuring relevant and fact-based research across multiple industries, including Healthcare, Touch Points, Chemicals, Types, and Energy. We consistently update our research offerings to ensure our clients are aware of the latest trend's existent in the market. Emergen Research has a strong base of experienced analysts from varied areas of expertise. Our industry experience and ability to develop a concrete solution to any research problems provides our clients with the ability to secure an edge over their respective competitors.
