1. Prismetric
2. Techliance
3. VentureDive
4. Echo Innovate IT
5. InnovationM
6. TechnoScore
7. WebClues Infotech
8. Semaphore Software
9. The Websuasion Group LLC
10. Biz4Group

Mobile app development has got much recognition in recent years with a constant increase in the number of

smartphone users around the world that businesses want to target. People are becoming much more dependent on mobile phones to access any product or service. There are more than 3.48 million mobile apps available on Google Play Store and roughly 2.22 million apps on the Apple Store. The figures clearly depict the essence and rising demand for mobile apps in the coming time when people will be looking for a more enhanced user experience through mobile apps.

The list launched by TopDevelopers will certainly lend a helping hand to worldwide businesses to choose and access the right mobile app development company for their projects.

The image shows the TechnoScore website header with navigation menus for Services, Technologies, Hire Resource, Solutions, Industries, Work, and Company, along with a Contact Us button. Below the header, there are three columns: 'Call' with phone numbers for India (+91 888 269 6096, +91 11 4264 4425) and USA (+1 646 613 0076); 'Visit' with addresses in New Delhi, Laguna Beach, and London; and 'Write to us' with the email address info@technoscore.com.

TechnoScore Address

The illustration depicts a large smartphone as a platform for mobile app development. On the screen, there are various app interfaces, including a bar chart, a pie chart, and a list view. Two stylized figures are shown interacting with the phone: one is standing and looking at the screen, while the other is sitting on the phone's edge, working on a laptop. The TechnoScore logo is visible on the phone's bezel.
