## Digital Marketing Software Market Dynamics

This section deals with understanding the market drivers, opportunities, restraints and challenges. All of this is discussed in detail as below:

### Drivers

#### Increase in Spending on Marketing Activities

The increase in the spending on digital marketing activities by well-known brands and other players for branding and marketing of their products acts as one of the major factors driving the growth of digital marketing software market.

#### Emergence of Social Media Platforms

The rise in digitalization along with the emergence of social media platforms accelerates the market growth. Social media platforms are influencing consumer to change their purchasing preferences. The high growth of social media and social advertising is also positively impacting the growth of the market.

#### Popularity of Mobile Advertising

The increases in the mobile advertising along with high usage of mobile devices among population further influence the market. The rise in the awareness and increasing importance of

digital marketing assist in the expansion of the market.

Additionally, rapid urbanization, change in lifestyle, surge in investments and increased consumer spending positively impact the digital marketing software market.

## Opportunities

Furthermore, enhancements in digital experiences to meet the changing customer preferences extend profitable opportunities to the market players in the forecast period of 2022 to 2029. Also, use of AI and big data analytics in digital marketing along with digital engagement through VR and AR will further expand the market.

## Restraints/Challenges

On the other hand, various security and privacy concerns for confidential data are expected to obstruct market growth. Also, lack of digital skilled personnel and integration of digital marketing software tools with other business applications are projected to challenge the digital marketing software market in the forecast period of 2022-2029.

Comprehensive analysis of the factors that drive and restrict the market growth is provided in the report
