The growth amongst these segments will help you analyze meagre growth segments in the industries and provide the users with a valuable market overview and market insights to help them make strategic decisions for identifying core market applications.

Type

Detection and Search

Targeting Radars

Weather Sensing Radars

Navigational Radars

Mapping Radars

Others

On the basis of type, the radar market is segmented into detection and search, targeting radars, weather sensing radars, navigational radars, mapping radars, and others.

Range

Short Range

Medium Range

Long Range

On the basis of range, the radar market is segmented into short range, medium range, and long range.

Band

L-band

S-band

C-band

X-band

Ku-band

Ka-band

Others

On the basis of band, the radar market is segmented into L-band, S-band, C-band, X-band, Ku-band, Ka-band, and others.

Application

Defense and Aerospace

Marine

Weather Forecasting

Remote Sensing

Automotive

Others

On the basis of application, the radar market is segmented into defense and aerospace, marine, weather forecasting, remote sensing, automotive, and others.
