This press release contains a number of forward-looking statements within the meaning of the federal securities laws. All statements other than statements of historical fact are forward-looking statements, including any statements related to the benefits, results, and effects of the acquisition of Axil, future financial and operating results, and Reviv3's plans, objectives, expectations (financial or otherwise) and intentions following the acquisition. These forward-looking statements and information about Reviv3's current and future prospects and its operations and financial results are based on currently available information and management's beliefs, projections, and current expectations. The statements are subject to a number of significant risks and uncertainties that could cause actual future results and financial performance to vary significantly from those anticipated in such statements.

Factors that could cause actual results to differ materially from those in the forward-looking statements include, among other things: (i) Reviv3's ability to grow net sales and adjusted EBITDA following the acquisition; (ii) Reviv3's ability to fund its operating expenses; (iii) potential difficulties or delays Reviv3 may experience in implementing its cost savings and efficiency initiatives; (iv) Reviv3's ability to compete effectively with both other hair and skincare companies and high tech hearing and audio communication companies following the acquisition; (v) the concentration of Reviv3's and Axil's customers, potentially increasing the negative impact to Reviv3 by changing purchasing or selling patterns; and (vi) changes in laws or regulations in the United States and/or in other major markets, such as China, in which Reviv3 operates, including, without limitation, with respect to taxes, tariffs, trade policies, or product safety, which may increase Reviv3's product costs and other costs of doing business, and reduce Reviv3's earnings.

Current and potential investors are urged to consider these factors carefully in evaluating the forward-looking statements. These forward-looking statements speak only as of the date hereof.
