

# MYCLIENTS UNVEILS INNOVATIVE NEW MARKETPLACE TO SUPPORT SMALL BUSINESSES

---

*Leading digital marketing specialists MyClients is launching an innovative new marketplace, which will be coming this August.*

NEW YORK CITY, NEW YORK, UNITED STATES OF AMERICA, June 27, 2022 /EINPresswire.com/ -- In this fast-paced digital world, it has never been more challenging for small businesses and startups to stand out from the crowd and grow their company. While the vast majority of digital marketing agencies examine the leads, they deliver as a sign of success. However, this often leads to poorer quality results and significantly lower conversion rates.

Wanting to create an alternative, MyClients is the pioneering platform designed to give these businesses access to proven methods that support them to pinpoint their ideal client and then nurture them into regular and reliable customers in a faster, easier, and cheaper way.

One of the most significant issues facing small businesses is not only the ability to generate new leads but also to maintain contact with them and keep them engaged. MyClients aims to transform that through its unique sales and marketing platform. This all-in-one solution also ensures that businesses no longer need to juggle multiple systems, helping to make their operations smoother and more efficient.

Far too many small businesses struggle with the frustration of growing their business, feeling that the hard work and dedication they put in is not being rewarded. That is why MyClients is now excited to be taking its support even further with the launch of its new marketplace. This powerful new tool is not just another sales and marketing platform but instead a holistic solution that will allow them to take their business to the next level through expert and personal advice.

The marketplace will give users easy access to world-class marketing solutions, including digital advertising, social media, SEO, website design and creation, and sales advice. Alongside this, the expert team is also on hand to support clients with business and financial advice. This full package solution ensures businesses can generate proven new leads, retain clients, and enhance their operations so they can grow.

The new marketplace will be launched this coming August. As a special launch promotion,

MyClients is offering two small businesses in the United States the chance to enjoy six months free alongside comprehensive consultancy. To enter, they simply need to email the team (hello@myclients.agency) explaining why they need help.

Speaking ahead of the launch of the new marketplace, Allan Grossmann at MyClients added, "It has never been more challenging for businesses, particularly startups and smaller companies, to grow their reach and elevate their brand. Far too many digital marketing agencies focus on providing vast amounts of leads, but while this scattergun approach can give huge numbers, they are often unrelated to the business.

Here at MyClients, we strive to create an alternative that sees our experienced team work closely with each of our clients to target relevant leads. From there, we help to nurture each lead, convert them, and keep them engaged.

Our new marketplace will allow us to take this support to the next level, providing worldleading marketing solutions that can transform businesses and help them to grow and flourish."
