

Bold City Heating & Air Offers Free Estimates on New System Installations

Jacksonville's industry leader in heating and air is offering estimates at no cost.

JACKSONVILLE, FLORIDA, UNITED STATES, June 27, 2022

/EINPresswire.com/ -- Representatives with [Bold City Heating & Air](#) are proud to announce today that they are offering free estimates on new system installations.

"Now is the perfect time to get an estimate on installations," said Mirza Pilakovic, President of Bold City Heating & Air.

Pilakovic went on to reveal that the [free estimates for new system installations](#) is limited to one coupon per household. Individuals can also call Bold City Heating & Air at (904) 513-3158 for more details, or schedule an appointment for a free estimate on new system installations.

The company's NATE-certified technicians, Pilakovic stressed, are qualified in residential and light commercial design/installation and utilize its extensive resources to minimize turnaround time.

As to why getting a free installation estimate is a good idea, Pilakovic noted that trying to make it through the long, hot months of June, July, and August with a faulty central air conditioning unit is not ideal.

Bold City Heating & Air provides replacement and installation of efficient central air conditioning units, giving individuals the peace of mind that comes with a reliable new air conditioning system.

Pilakovic reiterated that to make sure its customers' HVAC system does the best job it can do; its team members go beyond just installing a new heating or cooling unit. They also check the condition of the ductwork and the home's insulation and make recommendations and provide a free estimate based on what they find.

Over the years, Bold City Heating & Air has serviced thousands of families and turned customers into friends. Company representatives went on to stress that while every project is different, its goal is always the same: to design the perfect system for their customer's home that will exceed their expectation, while staying within your budget.
