[Centers](#) (HEC) is proud to announce the opening of its newest locations in Addison and The Colony/Little Elm, TX. These are HEC’s 7th and 8th locations in the DFW area. For these locations, HEC has expanded its relationship with Dr. Darrel Pierce.

HEC also announced that it has expanded its product offerings to now include full hair transplant options. By adding patented hair transplant options to its already successful line-up of Clinical Hair Growth Laser treatments and its proprietary line of hair care products, HEC now offers a full line of hair replacement/enhancement procedures and products that can provide safe and proven

results for all patients suffering with hair loss.

[Dr. Pierce](#) owns and operates Elan Med Spa and Clinic, which offers HEC’s hair restoration treatments and products in Waxahachie, TX. Dr. Pierce is also the first and only physician in Waxahachie to offer hair transplant procedures. Elan Med Spa and Clinic is expanding by two new locations in Addison and The Colony/Little Elm, TX, which will include hair enhancement/regrowth treatments in conjunction with HEC. Dr. Pierce specializes in regenerative and cosmetic medicine and offers the latest treatment techniques and procedures to ensure each patient receives top-tier medical care.

“Our patients in Waxahachie have achieved remarkable results from their HEC laser treatments and hair transplant procedures,” said Dr. Pierce, Medical Director, Elan Med Spa and Clinic “Because of this, when we decided to expand the practice with new facilities in Addison and The

Colony/Little Elm area, expanding our relationship with HEC was a logical step. We are proud to offer our patients leading medical treatments, and the HEC Clinical Hair Growth Laser treatments and hair transplant procedures have proven to be both effective and safe.”

“We are excited to be expanding our relationship with Dr. Pierce and the Elan Med Spa and Clinic” said [Paul Herchman](#), CEO, Hair Enhancement Centers, “Partnering with well-respected physicians like Dr. Pierce has been critical to the success of HEC. All of our physicians share our passion of helping patients achieve their hair enhancement goals with state-of-the-art, safe, and FDA-cleared treatments and products.”
