

HealthComp Clinical Care Management Report Receives External Validation

Validation Institute Confirms HealthComp's Clinical Care Management Program Lowers Cost

FRESNO, CA, USA, June 28, 2022 /EINPresswire.com/ -- The independently analyzed results of [HealthComp's](#) Clinical Care Management Program study have been externally validated by Validation Institute, which reviewed the data and determined the results were accurate. The study revealed how the high-touch, personalized approach of the HealthComp Clinical Care Management team ensures more plan members receive tailored, appropriate, and affordable medical care. HealthComp Clinical Care Management participants saw 30% lower utilization, resulting in an average of \$3,000 in savings per employee per year and 48% lower inpatient costs for HealthComp members.

Justin Tran, HealthComp Executive Vice President, shared "We believe employers can save money while enriching their benefits at the same time. Healthcare is difficult to purchase whether you are an individual or an employer. Our goal at HealthComp is to make purchasing easy – by being advocates for the members, and by being fully transparent with employers."

Validation Institute is an independent, objective, third-party organization that advocates for greater transparency for healthcare buyers and applies measurement standards and plausibility tests to clinical and financial results published to verify their claims.
