

Must B2B Metaverse announces Smart Learning Day event to explore the Smart Learning Trends and Innovations in 2022

We organize Smart Learning Day event to bring together professionals, designers, engineers, innovators, to explore technology trends and innovations in 2022 .

PARIS, ÎLE-DE-FRANCE, FRANCE, June 30, 2022 /EINPresswire.com/ -- Must B2B Metaverse community organizes Smart Learning Day livestream event to bring together professionals, designers, engineers, innovators, influencers, addicts, manufacturers from across the smart City ecosystem to explore technology trends and innovations in 2022 for Smart Learning.

The graphic is a promotional poster for the 'Smart Learning Day' event. It features a dark blue background with a glowing wireframe cube in the center. Surrounding the cube are various educational and technological icons: a pencil, a lightbulb, a magnifying glass, and large letters 'A', 'B', and 'C'. In the top right corner is the 'Must HIGH TECH EXPO' logo. The text 'Smart Learning Day' is prominently displayed at the top, followed by the date 'July 06, 2022'. Below this, an 'Agenda' section lists two topics: 'Tech for learning' and 'Innovative and new approaches towards Learning'. At the bottom right, a note indicates '* Networking and matchmaking on net-must.com/events'.

Smart Learning Day Agenda

“

The subject of smart learning has been raised by our community, and it is with pleasure that we respond to this request.”

Hanene Maupas, CEO of Must

The increasing need for an interactive and engaging learning environment is driven by the adoption of new technologies such as smart phone, social media that shaping new modern and more connected society. The growing demand for the LMS (Learning Management Software) to effectively manage learning content and enhance learning experience, the rise of e-learning acceptance boosted by Coronavirus crisis and by enterprises more and more investing on digital tools

expected to be the major factors driving the growth of the Smart Learning Market. The adoption of advanced technologies AR , XR, AI/ML for learning will impact fundamentally how the learning content will be formatted , designed and delivered to shape Learning 4.0 with intelligent and personalize machine driven learning.

In this conference, we will focus on getting the latest innovation and trends in the Smart Learning development to help our high-tech community, to face its major new challenges for

companies, build their roadmap and find their next partners. We will deep dive, from Tech for learning to Innovative and new approaches towards Learning.

Among the speakers, you will meet technology leaders of the Smart City industry as well as most recognized startups with disruptive technologies.
