announced today's opening of the new Hygieacare center to prep patients for colonoscopy. The Hygieacare center is located adjacent to the Gastro Health Endoscopy Centers at 7500 SW 87th Avenue, Suite 202 Miami, FL 33173. The Hygieacare® Prep, cleared by the U.S. Food and Drug Administration (FDA), is exclusively offered by Gastro Health. The Hygieacare prep replaces conventional oral prep and effectively cleans the bowel using a gentle infusion of warm, gravity-flow filtered water. This means patients may forgo many of the elements that make traditional bowel prep inconvenient and uncomfortable and can experience simple, easy bowel prep for their scheduled colonoscopy.

"We are glad to be opened and can now offer the choice of HygiPrep to our patients, as a good bowel prep is the

first step in a screening colonoscopy that can detect potential cancer risks and prevent colon cancer,” said Dr. James Leavitt, founding gastroenterologist with Gastro Health and medical director of the Miami Hygieacare® Center. “We have partnered with Hygieacare to bring better care to our patients, with an easier prep for our patients and a solution for constipation relief.”

“We are excited to be opened for business in Miami, FL in partnership with Gastro Health to prep patients for colonoscopy at the new Hygieacare® Center and provide relief to thousands that are suffering from chronic constipation.,” said Gavriel Meron, Chairman and CEO of HyGleaCare, Inc. “This Center is the first Center to be opened in Florida. Tens of thousands of patients have already benefited from this preferred prep with excellent outcomes at our Hygieacare Centers in Austin TX, Norfolk VA, Cincinnati OH, Jackson MS, Rockville MD, and BeeCave, TX .”

At the Gastro Health Hygieacare® Center, patients will be able to prepare comfortably for their colonoscopy in a safe, private and hygienic environment - with normal nights' sleep and no need to repeatedly run to the bathroom.

scheduled procedure. A trained technician provides instruction and is available for support throughout the appointment. A gentle gravity-flow stream of warm water flows into the bowel through a sterile, disposable nozzle, comfortably and discreetly evacuating the colon. Water continually flows until the colon is cleansed. HygiPrep takes about one hour.

HygiPrep replaces traditional oral prep for colonoscopy and is performed on the day as the colonoscopy, prior to the scheduled procedure. It is safe, simple, comfortable, and preferred prep.
