

Kasm Workspaces named in the Capterra Shortlist Report

MCLEAN, VA, USA, June 29, 2022

[/EINPresswire.com/](https://www.einpresswire.com/) -- Kasm

Technologies announced today that it has been named a top software product by Capterra, a free online service that helps organizations find the right software. Capterra Shortlist is an independent assessment that evaluates user reviews and online search activity to generate a list of market leaders that offer the most popular solutions. The Shortlist report is available at:

<https://www.capterra.com/remote-desktop-software/#shortlist>

Kasm Workspaces earned placement in this elite report based on the overall rating from software user reviews and search volume within the software category on Capterra. Workspaces currently has a 4.9 out of 5 stars rating across 21 independently sourced reviews. The product listing is available at:

<https://www.capterra.com/p/231437/Kasm/>

“Our Kasm Team is excited to accept the Capterra Shortlist Award.” Said

Kasm Technologies CEO Justin Travis. “We believe that the high scores and positive feedback within our reviews speak to the satisfaction of our customers with the Workspaces platform.”

The screenshot shows the Capterra product listing for Kasm Workspaces. At the top is the Capterra logo with the tagline "Helping businesses choose better software since 1999". Below the logo are navigation links for "Software Categories", "Guides & Research", and "Who We Are". A breadcrumb trail indicates the path: Home > Data Loss Prevention Software > Kasm Workspaces. The product name "Kasm Workspaces" is displayed with a blue square icon containing a white stylized 'K'. Below the name, it says "by Kasm Technologies" and shows a 4.9 star rating from 21 reviews, with a "Write a Review!" link. The text "Capterra Listing" is positioned below the product information. The central focus is a large shield-shaped badge with a dark blue background. The Capterra logo is in the top left of the shield, and the word "Capterra" is written in large white letters. A yellow banner across the middle of the shield contains the word "SHORTLIST" in bold blue letters. At the bottom of the shield, the year "2022" is written in large white letters. Below the badge, the text "Capterra Shortlist" is visible.

ABOUT KASM WORKSPACES

Kasm Workspaces is a container streaming platform for delivering browser, desktop and application workloads to the web browser. Kasm is changing the way that businesses deliver digital workspaces using our open-source web-native container streaming technology to establish a modern devops delivery of Desktop as a Service (DaaS), application streaming, and browser isolation. Kasm is not just a service, it is a highly configurable platform, with a robust developer API that can be customized for your use-case, at any scale. Workspaces is truly wherever the work is. It can be deployed in the cloud (Public or Private), on-premise (Including Air-Gapped Networks), or in a hybrid configuration.

ABOUT KASM TECHNOLOGIES

Kasm Technologies is a privately held small business led by a team of cybersecurity engineers experienced in developing web-native remote work platforms for Federal/State Government, Fortune 500 companies, Startups and Small/Medium sized businesses. Our team's experience in offensive/defensive cyber operations, rapid prototyping and cutting-edge technology provides us a unique perspective on how to provide reliable, private and secure communications.
