business, was awarded a Master Ordering Agreement (MOA) by The Department of Transportation (DOT) Federal Aviation Administration (FAA) during its latest Electronic Federal Aviation Administration Accelerated and Simplified Tasks (eFAST) open season on-ramp. Nolij will perform work in three functional areas: Computer/Information System Development (CSD), Computer System Support (CSS), and Documentation and Training (D&T).

eFAST is a 20-year program that began on September 30, 2010, with a final day of performance slated to be September 29, 2029. The eFAST MOA total ceiling amount

is \$7.4 billion.

“Nolij is excited to have been awarded the eFAST contract vehicle by the FAA,” said Ashley Mehta, Chairwoman, CEO, and President of Nolij Consulting. “We are honored to be trusted by the FAA to enable their digital transformation efforts. With over a decade of federal IT experience, we are confident that we will deliver exceptional results.”

“Our solutions are based on the most advanced emerging technologies, such as AI/ML, RPA and [Extended Reality](#), that we look forward to bringing to the FAA. Our exclusive cybersecurity Raptor framework ensures organizations are not only compliant but remain compliant as systems mature. With our extensive partnerships, we can help our clients innovate in a wide range of fields with personalized solutions to address individual workplace challenges,” added Mario Toruno, Vice President, Digital Health Solutions and Strategy.
