For the best possible mesothelioma treatment options in Virginia the Virginia Mesothelioma Victims Center strongly recommends the following health care facilities with the offer to help a diagnosed victim, or their family get to the right physicians at each hospital.

*Massey Cancer Center Richmond, Virginia:

* University of Virginia Cancer Center Charlottesville, Virginia:

High-risk work groups for exposure to asbestos in Virginia include Veterans of the US Navy, power plant workers, Norfolk Navy shipyard workers, steel workers, factory workers, plumbers, welders, electricians, miners, auto mechanics, machinists, and construction workers. Virginia is home to the largest US Navy base in the United States, as well as one of the world's largest shipyards. Typically, the exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's.
