

Nationally-recognized K-12 planning company Davis Demographics joins MGT

This combination furthers our ability to provide school districts with best-in-class services to improve student's access to quality learning opportunities.

Davis Demographics has combined with MGT

TAMPA, FLORIDA, USA, June 29, 2022

/EINPresswire.com/ -- TAMPA, Fla., June

29, 2022 – [MGT](#) and [Davis](#) Demographics announced they have combined companies, a move which links Davis Demographics' expertise in demographic reporting, student forecasts, and school boundary adjustments, with MGT's full suite of education solutions. By joining together, both companies will further accelerate their shared goal to serve public education by developing successful planning strategies to serve their communities.

This combination allows our education teams to better serve clients on a variety of study, planning, survey, and redistricting projects.”

*Trey Traviesa, MGT Chairman
and CEO*

“We are honored that Davis, the highest regarded company in the education demographics community, has joined MGT. This combination allows our education teams to better serve clients on a variety of study, planning, survey, and redistricting projects,” said Trey Traviesa, MGT CEO & Chairman.

Since 1993, Davis Demographics has partnered with

districts ranging in size from 1,000 to 175,000 students to successfully respond to a variety of planning challenges and effectively address ongoing demographic changes. The company delivers a variety of consulting and software solutions to aid school districts in tackling important issues. They provide comprehensive demographic studies, trustee redistricting, boundary planning, end-user address lookup tools, address updates for SIS (Student Information Systems), election analysis, residential development tracking, and student yield studies.

Davis Demographics' Founder, Greg Davis, said of the combination, “In addition to continuing to provide the excellent customer service that we are known for, we now have even greater resources for developing new and innovative solutions to meet the growing needs of our education partners. This is the next chapter in becoming the premier education planning firm in the U.S.”

With this addition, [MGT Education](#)'s solutions teams can provide a full suite of services to schools, colleges, and universities desiring to operate more efficiently and increase academic outcomes for children across the country.

About Davis Demographics

Davis is a leader in education, empowering school leaders with data, software, and consultation to arrive at smart school planning solutions. The company has a reputation for excellent client service in enrollment forecasting, build-out studies, facility site needs and location studies, and committee and Board facilitation. Davis is award-winning for the development of GIS (Geographic Information Systems) mapping and demographic software and provides a variety of consulting services and products to improve education through better planning.
