Key Highlights of Report :

In the forecast timeframe, the solution segment is expected to be the largest market with a CAGR of 31.4%. Priority optimization and decentralization of Edge analytics solutions and thereby avoided conventional techniques for collecting huge amounts of data. The paradigm is relatively recent and is closely aligned with the emergence of a viable future IoT platform.

It is expected that the Prescriptive analytics segment will lead the market. This form of Edge Analytics gives suitable guidance to an employee relying on live streaming data or instantly beginning a process, contextualizing live stream operations within current company criteria.

Over the forecast period, the energy & power segment is expected to dominate the market. By applying edge analytics in facilities such as hydropower stations or wind turbines, the technique can detect real-time issues and minimize production delays.

Top Companies Profiled in the Edge Analytics Market Report Include : AGT Group GmbH, CGI Group Inc., FogHorn Systems, Inc., Oracle Corporation, Apigee Corp., SAP SE, Falconry Inc., Equinix, Inc., Intel Corporation, and Microsoft Corporation, among others.

Regional Overview:

The global Edge Analytics Market has been categorized on the basis of key geographical regions into North America, Asia Pacific, Europe, Latin America, and Middle East & Africa. It evaluates the presence of the global Edge Analytics Market in the major regions with regards to market share, market size, revenue contribution, sales network and distribution channel, and other key elements

What does this Report Deliver?

Market Estimation for 20+ Countries

Customization on Segments, Regions, and Company Profiles

100+ tables, 150+ Figures

Global and Country Market Trends

Comprehensive Mapping of Industry Parameters

Attractive Investment Proposition

Competitive Strategies Adopted by Leading Market Participants

Market drivers, restraints, opportunities, and their impact on the market

Market growth rate till 2030

Global and Country Market trends

Regulatory scenario, regional dynamics, and insights of leading countries in each region

Segment trends and analysis

Opportunity analysis by region and country
