

OKAI Releases New fat-tire E-bike OKAI Ranger EB50 for the adventurous riders on all terrains

POMONA, CA, UNITED STATES, July 5, 2022 /EINPresswire.com/ -- OKAI Releases New E-bike for the Adventurous Riders on All Terrains

OKAI, a global leader in the manufacturing of e-bikes and e-scooters, announces the release of the OKAI Ranger, its first [fat-tire](#), smart and stylish e-bike. With top notch safety features, the [power](#) to conquer rough terrain, and a sleek, classic look, the versatile OKAI Ranger is an ideal fit for all e-biking needs, from weekday commuting to weekend adventuring.

The OKAI Ranger offers the best in performance, safety, and style:

- Quick swap [battery](#) with 48V 940.8Wh made of durable Samsung batteries with a Smart Battery Management System protects the battery from over charges and short circuiting.

- Exceptional riding performance with a BAFANG rear hub motor (48V 750w nominal power, 1000w peak power, 85Nm torque and adjustable fork suspension. The 26" x 4" fat tires allow for a steady grip on uneven terrain, yet offer the comfort and rideability of thin tires.

- Go far with a 45-mile range. The OKAI Ranger achieves speeds of up to 20 MPH on throttle, and up to 28 MPH on pedal through the OKAI app when the unlock speed function is activated.
