

# Squaretalk Congratulates Coro on Achieving Prestigious Cybersecurity Awards

*One of today's fastest-growing cyber security firms was honored by Cyber Defense Magazine*

JERUSALEM, ISRAEL, July 4, 2022

/EINPresswire.com/ -- [Coro](#), the all-in-one cyber security platform for mid-market organizations, growing businesses, and lean IT teams, today announced the company has been given the prestigious Cutting Edge Cybersecurity-as-a-Service (CaaS) and Market Leader SMB Cybersecurity awards from [Cyber Defense Magazine \(CDM\)](#), the industry's leading electronic information security magazine.

Cyber threats are evolving and getting increasingly difficult to detect. Due to a lack of security expertise, staff, and budgets, mid-market companies are forced to choose between incredibly expensive solutions that only cover a small portion of the attacks they are facing. Coro has stepped up to bring enterprise-grade protection to businesses of all sizes and to defend the millions of businesses that have been overlooked by the cyber security sector by addressing the three hurdles that have plagued the industry in the past: cost, complexity, and the requirement for dedicated cyber security staff.
