

Suitcase Market High Growth Opportunities 2022, Emerging Trends 2028 | Briggs & Riley, Delsey, Rimowa, VF Corporation

Suitcase demand is increasing as a result of business people's growing preference for them as a chic and practical means of transporting computers

LONDON , UNITED KINGDOM, July 4, 2022 /EINPresswire.com/ -- The global [suitcase market size](#) was valued at USD 21 billion in 2021 and is expected to expand at a CAGR of 6.8% over the forecast period. The personal items a traveler brings on board a plane, ship, or bus, whether they are checked or not, are called suitcases. Bags, cases, and other storage units are considered luggage since they are used to transport a person's belongings. The majority of the time, antique luggage was composed of hefty materials like wood. But over time, luggage has undergone a significant change in appearance. The categories include travel, trade, sports, and others depending on the type of goods. Specialty Stores, Department Stores, Hypermarkets & Supermarkets, Internet Sales, and Others are some of the different distribution channels for luggage. Value & Mid-Level, Luxury, and Fancy are the three price ranges for luggage.
