Endless Love

"My name is Chi-Yu Lin(陈昱麟). I was born in 1965 and am from Taiwan. I create with oils, trying to escape the superposition technique of traditional oil painting and using a palette knife instead of brushes, combining painting, weaving, and carving techniques, like sculpture on canvas. As a result, I've developed a kind of brand new art style known as the chopping and weaving technique.

“

I have created eight series of works, and each series continues to be born with intention”

Chi-Yu Lin

My original paintings and creations present the coexistence and glory of humanity and light shadow. Calmly observing the animals and plants, both having harmonious coexistence with nature. At present, I have created eight series of works, and each series continues to

be born with intention.”

Chi-Yu Lin was also featured in the Amazon Best-Seller book, ATIM's Top 60 Masters, published by ArtTour International Magazine. This book features all artists awarded the 2022 ATIM's Top 60 Masters Awards
