Twilight Heist by Katherine McIntyre Releases January 2023

“

Heist rule number two?
Never fall for a lone wolf.”

Twilight Heist

He didn’t do sleepovers. Ever. Still, he could admit to himself he’d enjoyed basking in the afterglow, curling up next to this furnace of a man and feeling a bit too comfortable. Everything about his night with Tuck had been a little too much like lingering by a bonfire—alluring, enticing, and so scorching hot. Yet he’d been burned by fires before and carried the marks.” - from “Twilight Heist”

When Outlaws Leo and Tuck start working together, a chemistry emerges that neither of them can deny. Leo's mantra of "one and done" falters the moment Tuck shows him a care and steadfastness he's never experienced before, and the more time they spend with each other, the more he doesn't want to give up the first man he's started to fall for. However, if the Outlaws discover his past or the Stockyard finds him first, Leo will end up one of the bloated corpses they've left lining the Chicago River.

About the author: Katherine McIntyre is a feisty chick with a big attitude despite her short stature. She writes stories featuring snarky women, ragtag crews, and men with bad attitudes—and there's an equally high

chance for a passionate speech thrown into the mix. As an eternal geek and tomboy who's always stepped to her own beat, she's made it her mission to write stories that represent the broad spectrum of people out there, from different cultures and races to all varieties of men and women.
