Veriff Expands its Services to 45 Languages

Veriff adds five new languages to meet growing global customer demand

NEW YORK, USA, July 7, 2022 /EINPresswire.com/ -- Veriff, a global [identity verification](#) provider, today announced the addition of five new languages to its identity verification platform. The new languages include Filipino, Korean, Portuguese, Sinhala and Thai making identity verification service available in more languages than competition in the industry.

Raul Liive, Head of Product at Veriff

"Rapid digitalization over the past two years has increased the demand for online identity verification services and it's become an integral part of any online business, especially for companies scaling globally," said Raul Liive, the Head of Product. "At Veriff we want to make sure that our clients can securely onboard customers from anywhere in the world to support their global growth. Adding new languages to our verification flow makes secure identity verification more accessible for people worldwide."
