Our mission is to spread the influence of Christ and maximize the impact of Biblical [life-on-life discipleship](#). Our goal is to align the priorities and investments of those who serve in the ministry and those who seek to enable it. We work to bring to life the unique gifts God has given each of us.

Austin Gardner has been a minister and preacher for more than 50 years. During that time, he has done decades of missionary work and has supported missionaries and missions themselves. In his missionary endeavors, Austin developed a system of mentoring he calls life-on-life discipleship.

Life-on-life discipleship is defined as "Laboring in the lives of a few with the intention of imparting one's life, God's Word, and the gospel in such a way as to see them become mature and equipped followers of Christ, committed to doing the same in the lives of others." Essentially, this means that the biblical text is taught through a personal relationship.

Our team at Alignment Ministries has high hopes for the future. We hope to deepen our relationship with God and share the gospel message with as many people as possible.
