

111MedCo's 10% Benzoyl Peroxide Soap Bar Chosen As One Of The Best Bar Soaps for Men by SPY.com

111MedCo's Benzoyl Peroxide (BPO) Soap Bar continues to deliver results for men and women, teens and adults, backed by thousands of customer reviews.

DOVER, DE, USA, July 11, 2022
 /EINPresswire.com/ -- 111MedCo's 10% Benzoyl Peroxide Soap Bar Chosen As One Of The Best Bar Soaps for Men That Will Leave Softer, Cleaner Skin by [SPY.com](https://www.spy.com).

The article does a very nice job explaining the basic principles of bar soap; synthetic vs. natural, ingredients to look for as well as avoid, what to look for if skin is acne-prone, dry, oily, or requires exfoliation. The article also provides a fair and balanced view of many types of bars to achieve different outcomes.

The article states: "Benzoyl Peroxide is one of acne's biggest foes, and this bar (111MedCo's 10% Benzoyl Peroxide Soap Bar) packs it in droves. It can tackle facial acne as well as the more tedious breakouts that span the chest and back. (Remember to use white towels when using benzoyl, since it can "bleach" fabrics.)."

Benzoyl peroxide is a mainstay of any acne treatment regimen around the

3. 111MedCo 10% BENZOYL PEROXIDE CLEANSING BAR

Benzoyl is one of acne's biggest foes, and this bar packs it in droves. It can tackle facial acne as well as the more tedious breakouts that span your chest and back. (Remember to use white towels when using benzoyl, since it can "bleach" your fabrics.)

SPY.com

Drug Facts	
Active ingredient	Purpose
Benzoyl peroxide 10%	Acne medication
Use for the treatment of acne; helps prevent new acne blemishes from forming	
Warnings For external use only	
Do not use • If you have very sensitive skin • If you are sensitive to benzoyl peroxide.	
When using this product • skin irritation and dryness is more likely to occur if you use another topical acne medication at the same time. If irritation occurs, only use one topical acne medication at a time • avoid unnecessary sun exposure and use a sunscreen	
• avoid contact with the eyes, lips, and mouth • avoid contact with hair and dyed fabrics, which may be bleached by this product • skin irritation may occur, characterized by redness, burning, itching, peeling, or possibly swelling. Irritation may be reduced by using the product less frequently or in a lower concentration.	
Stop use and consult a doctor if • irritation becomes severe.	
Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.	
Directions • using warm water, wash the affected area for 1 to 2 minutes • rinse well and pat dry with a clean towel • because too much drying of the skin may occur, start with 1 application daily, then gradually increase to 2 to 3 times daily if needed or as directed by a doctor • if bothersome dryness or peeling occurs, reduce application to once a day or every other day • if going outside, apply sunscreen after using the product • if irritation or sensitivity develops, stop use of both products and ask a doctor.	
Other information Store at controlled room temperature (20° to 25° (68° to 77°F)).	
Inactive ingredients sodium cocoyl isethionate, salicylic acid, coconut acid, water, sodium isethionate, ethylene/VA copolymer, zea mays (corn) starch, sodium talkowate, titanium dioxide, mineral oil, cocamidopropyl betaine, tetrasodium edronate, sodium cocosate, glycerin, sodium chloride, tetrasodium EDTA.	

Directions

world and has been in use since 1960. It offers antibacterial effects (kills bacteria), keratolytic effects (helping to loosen outer layers of the skin and shed them), and comedolytic activity (reduces the formation of pimples).

The 111MedCo 10% Benzoyl Peroxide Acne Treatment Bar is a simple and inexpensive way to help treat acne on the face and body.

Bar soaps get skin clean, reduce waste, and may last longer. They are also making a resurgence due to their simplicity of packaging, only requiring paper and no plastic. They are also lighter to transport than liquid soaps helping to reduce environmental impacts.
