Redevelopment, Inc. (CRDV), today announced a series of planned business and corporate governance actions consistent with the Company's efforts to drive long-term value creation for all stakeholders.

Garfield Antonio, CRDV President, said, "Since becoming President of CRDV in the Fall of 2021, I have been committed to building a team that has a comprehensive understanding of real estate so we can begin making investments in real estate, technology, and finance. The actions taken today at our Board of Directors meeting serve as the foundation to achieve our mission and create long-term value for our stockholders."

To lead this effort Joseph Gibbons has been elected Chairman of The Board. Mr. Gibbons stated, "I am honored to lead the CRDV Board as this team has the professional experience and integral knowledge of all aspects of growing a business along with strong relationships throughout the real estate, technology and finance industries to execute our mission of investing in communities and advancing sustainable change." During the meeting the Board named Mr. Antonio as the Chief Executive Officer of CRDV effective immediately. Chairman Gibbons went on to say, "I am looking forward to working closely with Mr. Antonio to effectuate positive change in communities." CRDV also added two highly qualified independent directors, Lara Fritts and Richard Balles, to its Board effective immediately.

With the new Board, CRDV reaffirmed the following previously announced activities which will lead to long-term value creation for stakeholders:

- Launching a Performing and Non-Performing Note Business
- Development of a property in San Antonio with Joint Venture Partner Pioneer Development
- Developing Property under Mosaic Brand

• The Purchase of 10 properties in Washington, DC

To support President Antonio in executing these projects and more to be announced, the Board promoted Lara Fritts, to Chief Operating Officer and appointed Richard Balles as Head of Development, effective immediately.

About Mrs. Lara Fritts

Lara Fritts comes to CRDV with an extensive background in building economic development organizations for elected officials having started six public-private partnerships and having facilitated almost two billion dollars of private investment and making public sector investments in real estate projects.

About Mr. Richard Balles

Richard Balles is a prominent real estate developer in Washington DC with tremendous success in ventures related to banking and mortgage lending specifically in the affordable housing domain. He brings to CRDV an expertise in market rate and naturally occurring affordable housing as well as a deep understanding of real estate finance.

The Board has chosen to relocate the company's main headquarters to Annapolis, Maryland where the majority of its pipeline projects are located. There is a high demand for affordable housing in both Baltimore and Washington DC making these regions the ideal place to lay the foundation in fulfilling CRDV's important mission. CRDV will retain a Miami, Florida office at 2650 Biscayne Boulevard for future projects and development in that area.

As part of this restructuring, several of the past Board members have formally resigned their corporate positions within CRDV to continue working with parallel entities within the real estate development arena. This includes Charles Arnold, Stalin Cruz and Ronald Silver, who will focus their energies on Community Development Asset Management, LLC and Kevin Humes who will lead The Anthem Project.
