The new logo will be a more modern and sleek design that better represents the company's values. HD Horne Sprayfoam & Insulation is committed to providing the best possible insulation products and services to their customers and this rebranding effort is just one way they are continuing to show that commitment.

Another way they show their commitment to their customers is by offering top-quality and safe insulation

products. As such, HD Horne is lauded for their [environmentally-friendly spray foam insulation](#) projects. They spray Genyk Boreal Nature Elite, a Canadian product known to be less toxic than many other insulation products. Using a lavender-based polyurethane foam, it provides the best insulation coverage and unbeatable moisture protection thanks to the highest R-value on the market.

Along with spray foam insulation in Victoria, they also offer blown-in fibreglass insulation, batt and poly insulation, as well as insulation removal. The in-house operation also helps keep costs down on these projects by eliminating the need to hire subcontractors.

As a program registered contractor for all provincial rebate programs, they help British Columbians get rebates and great pricing for their insulation projects, including spray foam insulation, batt and poly insulation, and blown-in fibreglass. This includes everything from assistance with applications to determining their eligibility. HD Horne Sprayfoam and Insulation Ltd. is proud to be Clean BC's ONLY insulation program rebate contractor that services Vancouver Island for the Income Qualified Program.
