*HBO Max competes with Disney+ and smarter Samsung TVs*

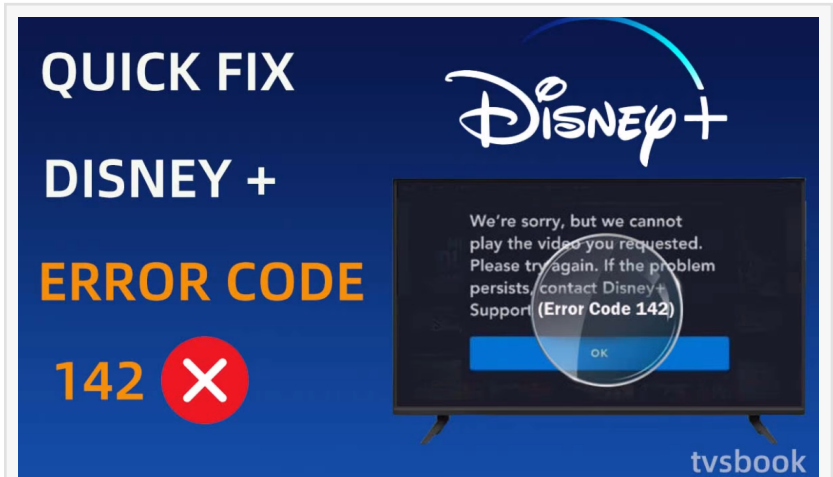

THE UNITED STATES, July 11, 2022  
/EINPresswire.com/ --

WarnerMedia launched HBO Max in 2020 in an attempt to compete with Netflix and establish itself in the digital entertainment industry. WarnerMedia's parent company, AT&T, has hired video industry veteran Kilar, formerly co-founder of streaming video industry pioneer Hulu, to expand this part of the business.

□□However, HBO Max got off to a slow start despite WarnerMedia holding the entertainment industry's richest library of content, including Warner Bros. Studios, the HBO network, and a host of cable channels including CNN. For several months, the service suffered from technical glitches, user unawareness, and stalled partnership talks with Roku. The latter resulted in users of Roku set-top boxes being unable to watch HBO Max.

In addition, there are many users who do not understand [how to get HBO Max on Vizio smart TV](#), which is also the first choice of many users.

Smart TVs and streaming devices have made these streaming services easily accessible, but sometimes there are problems like [Samsung tv keeps disconnecting from wifi](#). Samsung Smart TVs work well most of the time and are a good choice for smart TVs.

Disney's Disney+ had 118 million paying subscribers last October, up 44 million from a year earlier and growing much faster than HBO Max. However, Disney's service costs less than HBO Max, while its entry into the Indian market has also helped Disney. Paying subscribers in the Indian market pay less than \$1 per month.

Disney+ content is unique, but sometimes things can go wrong. For example, many users encounter the problem [disney+ error code 142](#), through some method guide can fix the problem.

The Xbox Cloud Gaming App has arrived on Samsung's 2022 smart TVs. According to reports, XGP is currently planning a future family plan that will allow the whole family to play games with one subscription, making the already inexpensive XGP even more appealing.

In China, OTT TV subscribers have also seen unprecedented growth. Like Roku, which has benefited from the trend of TV streaming and continues to grow at a high level, the domestic OTT TV market has also seen the emergence of large-screen Internet platform companies led by Dangbei.
