devices, PPE, and others. For instance, in February 2022, SHOWA Group, a USA-based fully integrated manufacturer of medical and industrial PPE hand protection tripled its production capacity to meet the growing demand for made-in-America gloves from both government and industrial customers. The two new production facilities of the company are expected to increase company production of hand gloves to 1.2 billion units by the end of 2022 and 2.8 billion by the end of new facility construction. In March 2020, Hartalega, a Malaysia-based company specializing in making gloves for healthcare practitioners, purchased 38.49 hectares of land in Sepang. The acquisition would allow the company to increase its capacity to satisfy expanding global glove demand gradually.
