

# Accelerynt joins PagerDuty Integration Program to Deliver Real-Time Incident Reporting

---

*Accelerynt's Sentinel Notification Push is now part of the PagerDuty verified integrations program.*

TX, USA, July 12, 2022 /EINPresswire.com/ -- Accelerynt, an industry leader in Microsoft Dynamics 365 and Microsoft managed security services, announced it has joined PagerDuty's Integration Program. This integration will help reduce response time and streamline incident reporting for Microsoft Sentinel customers.

"We are thrilled to have our Sentinel Notification Push be part of the PagerDuty verified integrations program. This integration provides customers with the ability to easily receive Sentinel incidents and alerts via the PagerDuty platform," said Mike Reyes, Accelerynt Chief Security Officer.

This integration highlights Accelerynt's dedication to providing an exceptional customer experience by allowing them to manage their incidents in the PagerDuty incident report platform. By getting this critical information in the hands of the right people at the right time, companies can respond to incidents quickly and reduce time to respond.
