BUSDX could be the Next
cryptocurrency to explode in 2022

What is BUSDX?

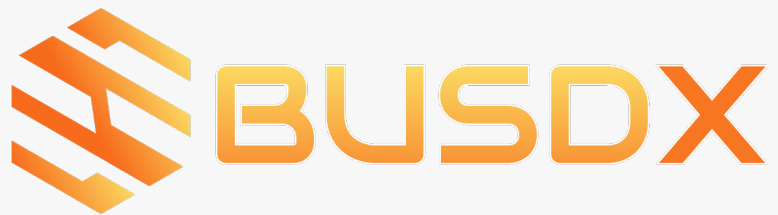

BUSDX is a new Crypto reflection token that could be the Next cryptocurrency to explode in 2022 it was released in November 2021, like Safemoon & Evergrow exploded last year, helping the massive growth seen in the defi space. A reflection token is a new type of Cryptocurrency used to create a passive income by a mechanism set out in its contract. For example with BUSDX 10% of every buy & sell transaction is redistributed to its holders & automatically paid into a crypto currency wallet in BUSD which is

tied to the dollar, 1 BUSD is worth \$1 regardless of the volatility of the markets. The greater the volume the greater the rewards for the holders, the new cryptocurrency BUSDX has one of the highest reflection rates of any reflection token & could be the next cryptocurrency to explode in 2022 it is creating multiple new utilities to increase its daily volume & the release of new a token [Xfuel](#) is part of its growing set of utilities created by the BUSDX team.

For a token to be the Next cryptocurrency to explode in 2022 It need a good set of utilities & BUSDX has been building throughout the bear market.

BUSDX Utilities

BUSD Rewards – 10% Reflections for holder paid in BUSD stable coin based on the trading

volume of BUSDX

Staking – Earn 10% APY paid in BUSDX while also receiving 10% BUSD in reflections. One of the only projects in defi that offers two streams of rewards for holding one token. Is BUSDX the next cryptocurrency to explode in 2022?

xPay - Crypto virtual payment card enables you to spend your BUSD without the need for a centralized exchange. Own a cold wallet? Spend BUSD stable coin. POS integration for ecommerce stores to accept payments in BUSD

xPad - An IDO launchpad focused on quality projects that have a high potential. The presale token must conform to strict requirements set by xPad's partners to get accepted & funded.

xBridge - Cross chain swap that moves cryptocurrencies from one blockchain to another. This process allows traders to obtain access to the various blockchains that support the cryptocurrency that they are holding, thereby enabling the use of their digital assets on these other supporting blockchains.

xNft - a unique NFT platform (XNFT) which empowers creators with accessible and safe tools. Turn your ideas into NFT's! BUSDX is using a decentralized platform.

xSwap – BSC token swap. Exchange one token you hold for the equivalent value of another token with no fees only gas, xSwap has a user friendly UI & an automated slippage feature.

xNews – Delivers up-to-date, breaking crypto news about the latest Bitcoin, Ethereum, Blockchain, NFTs, and Altcoin trends and happenings.

BUSDX XFUEL

XFUEL is the BUSDX low tax trader token that will help fuel the growing BUSDX ecosystem. The revenue generated through XFUEL will be used to add additional volume to the BUSDX Ecosystem. These funds will be used to purchase the native BUSDX token & help towards the staking pool liquidity. This will cause the price of BUSDX to rise significantly, while simultaneously creating more passive income to BUSDX holders. New Cryptocurrency Release XFUEL's could help BUSDX be the next cryptocurrency to explode in 2022, Its revenue will also be used towards the BURN of BUSDX's circulating supply. The BUSDX token will become increasingly rare as a result of this deflationary process which will help it explode in 2022.

As expected there are plenty of new cryptocurrency releases coming out this year hoping to become the next cryptocurrency to explode in 2022

We take a look at New Cryptocurrency Release Xfuel by the BUSDX team which is due to release in July 2022

BUSDXFuel - A new cryptocurrency that will launch in July 2022 as a low market cap hidden gem, it is currently in presale phase, for a more information you can find the whitepaper here

<https://www.busdx.com/xfuel>

BUSDX has already seen massive price impact, it spiked in March with a 300% rally & again in June with a 90% increase within a few days, both during periods of market uncertainty. BUSDX is primed to be the next cryptocurrency to explode in 2022 & is defiantly one to watch when the bull market returns.

As with all new cryptocurrencies, users must do their own research and due diligence around every single token before investing.
