

# Anorexiant Market Is Projected to Grow at A Robust CAGR Of 5.3% During the Forecast Period 2022-2032

*Anorexiant Market By Drug Class, Route of Administration, End User & Region - Forecast 2022 – 2032*

NEWARK, NEWARK, UNITED STATES OF AMERICA, July 13, 2022 /EINPresswire.com/ -- Obesity is a chronic condition which develops due to interaction between the environment and person genetic makeup. Obesity is a medical condition that develops when a person gains excess weight or body fat that may affect the health of the individual.

Anorexiant is the sole option for the treatment of obesity. Thus, with the increasing obese population, the [anorexiant market](#) is likely to stimulate the growth of the market.

## Anorexiant: Market Insights

Anorexiant are used to treat obesity. Anorexiant suppress the appetite control and increases the basal metabolic rate of the individual. Anorexiant also enhance the cellular uptake of glucose and also it reduces the dietary fat absorption.

According to World Health Organizations statistics report, it was estimated that more than 1.9 billion adults of aged 18 years and older were found to be overweight out of which 650 million adults were obese in 2016. In addition to these, an estimate of 41 million children under the age of 5 years were found to be obese in 2016.

## Anorexiant: Market Dynamics

Anorexiant is expected to register significant growth in the market due to its effectiveness in treatment of obesity. Anorexiant are useful in the weight loss, in reducing calorie diet specially in patients who have initial body mass index of 30 or more.

Since, anorexiant are used to managed obesity, it is expected to foster the growth of the market. However, anorexiant have certain limitation. Anorexiant may lead to various side effects such as insomnia, increase in blood pressure, restlessness, dependence on drug etc. may affect the anorexiant market. In addition to this, due to long term use of anorexiant, patients get addicted to these drugs which may cause health effects in later stage.

## Anorexiant Market: Overview

Anorexiant market is expected to manifest substantial revenue generation in coming years due

to rising prevalence of obesity worldwide. Orlistat, lorcaserinER, liraglutide, naltrexone/bupropion ER, lorcaserin, phentermine/topiramate ER are some of the anorexiant drugs used for the management of obesity. Many drugs have been approved by FDA for the treatment of obesity which as a result the anorexiant market is likely to foster growth in the coming years.

According to a report statistics published by Centers for Disease Control and Prevalence, the prevalence of obesity was estimated to be 39.8% in United States affecting 93.3 million people. Thus with increasing prevalence and incidence of weight gain and obesity, the global anorexiant will spur the growth of the market.

#### Anorexiant Market: Region-wise Outlook

On the basis of geography, the global anorexiant market is segmented into seven key regions: North America, Latin America, Western Europe, Eastern Europe, Asia Pacific excluding Japan, Japan and Middle East & Africa. North America is projected to hold the largest share in the anorexiant market due to increase in prevalence of obesity and high adoption of new drugs.

In addition to this, increase in healthcare facilities and advancement in technologies has contributed substantial share to the anorexiant market. Europe is likely to contribute significant share in the anorexiant market owing to increase in launch of new drugs in the market and easy approval of drugs which as a result the anorexiant market is expected to have growth in the anorexiant market.

Asia Pacific is also shown to have potential in the anorexiant market due to rising demand of new treatment options and also increasing incidences of weight gain leading to obesity which as a result will stimulate the growth of the anorexiant market.

Middle East and Africa have less contribution in increasing the revenue of the anorexiant market due to lack of poor healthcare facilities and less adoption of new drugs and also lack of awareness among people is likely to hamper the growth of the anorexiant market.

#### Anorexiant Market: Key Players

Some of the key players present across the value chain of the global anorexiant market are Akrimax Pharmaceuticals, LLC, Teva Pharmaceuticals, Janssen Ortho, LLC, Roche Pharmaceuticals, Arena Pharmaceuticals GmbH, Novo Nordisk A/S, Abbott Pharmaceuticals PR Ltd., Epic Pharma, LLC. Patheon Pharmaceuticals Inc. Catalent Pharma Solutions, LLC, Recordati Rare Diseases Inc., MOVA Pharmaceuticals.

The report covers exhaustive analysis on

- Market Segments
- Market Dynamics
- Market Size

- Current Trends/Issues/Challenges
- Competition & Companies involved
- Value Chain

The regional analysis includes

- North America (U.S., Canada)
- Latin America (Mexico, Brazil)
- Western Europe (Germany, Italy, France, U.K, Spain, Nordic countries, Belgium, Netherlands, Luxembourg)
- Eastern Europe (Poland, Russia)
- Asia-Pacific Excluding Japan (China, India, ASEAN, Australia & New Zealand)
- Japan
- The Middle East and Africa (GCC, S. Africa, N. Africa)

The report is a compilation of first-hand information, qualitative and quantitative assessment by industry analysts, inputs from industry experts and industry participants across the value chain.

The report provides in-depth analysis of parent market trends, macroeconomic indicators and governing factors along with market attractiveness as per segments. The report also maps the qualitative impact of various market factors on market segments and geographies.

#### Anorexiants Market: Segmentation

The global anorexiants market is segmented by drug class, route of administration and end user.

##### Segmentation by Drug Class

- Catecholamines Anorexiants
- Serotonin Anorexiants

##### Segmentation by Route of Administration

- Oral
- Subcutaneous

##### Segmentation by End User

- Institutional sales
- Hospitals
- Clinics
- Retail sales
- Online pharmacies
- Mail Order Pharmacies

#### Why Future Market Insights?

- Comprehensive analysis on evolving purchase pattern across different geographies
- Detailed insights of market segments and sub-segments for historical as well as forecast period
- A competitive analysis of prominent players and emerging players in the keyword market

- Detailed information about the product innovation, mergers and acquisitions lined up in upcoming years

Ground breaking research and market player-centric solutions for the upcoming decade according to the present market scenario

About FMI:

Future Market Insights (ESOMAR certified market research organization and a member of Greater New York Chamber of Commerce) provides in-depth insights into governing factors elevating the demand in the market. It discloses opportunities that will favor the market growth in various segments on the basis of Source, Application, Sales Channel and End Use over the next 10-years.
