Myron Pincomb, Board Chairman of IBCCES.

“Wyndham Visalia is excited to become a Certified Autism Center™. All of our staff were very enthusiastic to complete the autism-specific training and certification to ensure our staff are confident and much better equipped to continue to provide excellent service and experiences to our guests,” Samantha Rummage-Mathias, General Manager, commented. “As the largest hotel in Visalia with the most employees trained, we are committed to this important certification and to follow our goals of being inclusive.”

Wyndham Visalia, along with Tulare County Museum,

Valley Oak Golf Course, Hampton Inn Visalia, Downtown Visalians, Comfort Inn Visalia, Lamp Liter Inn, and Arts Visalia Gallery, are all working toward the Visit Visalia CAD designation goal.

“We are very excited to work and support Wyndham Visalia as they join other autism-certified organizations in the area and Visit Visalia’s commitment to creating inclusive and more accessible options for all visitors,” said Myron Pincomb, IBCCES Board Chairman.

For more than 20 years, IBCCES has been the leader in cognitive disorder training and certification for healthcare, education, and corporate professionals around the globe. IBCCES created programs specifically for hospitality and recreational organizations such as hotels, theme parks, and other attractions so staff would be more knowledgeable and other accommodations could be offered to this growing, but underserved, part of the community. IBCCES is the only credentialing board offering these types of programs, which include training from subject matter experts and autistic self-advocates, as well as long-term support and continuous learning, onsite reviews, and more.

IBCCES also created AutismTravel.com, as a free online resource for parents that lists certified locations and professionals. Each organization listed on the site has met Certified Autism Center™ (CAC) requirements.
