

# Better Solar Solution Rebrands and Launches a New Website

*A SunPower Elite Dealer*

TURLOCK, CA, UNITED STATES, July 27, 2022 /EINPresswire.com/ -- Better Solar Solution, a SunPower Elite Dealer, recently rebranded and launched a new website. The site features a Solar Calculator designed to make it easy to calculate the approximate cost of going solar based on location, electricity bill and system type. It can also quickly estimate the savings that may be realized by going solar.

Better Solar Solution Logo

The California and Colorado based solar company is known as one of the most trusted providers in solar energy. Better Solar Solution team has experience in solar sales and has been one of

Our new website helps us tell just how affordable a solar energy system can be. As a SunPower Elite Dealer we bring the biggest bang for the buck to our solar customers!"

*Bob Ellerby, Principal of Better Solar Solution*

SunPower's first non-installing dealers, capitalizing on the unique selling proposition: a certified local business combining SunPower's 35+ years of industry experience to meet homeowners wherever they may be.

Backed by SunPower's unrivaled reputation, Better Solar Solution customers can save more and get more. They consult and assist throughout the installation process while they purchase directly through the premier residential solar provider, SunPower. The [technology, support and warranty provided by SunPower](#) is unmatched in the industry. This gives solar customers the best of both

worlds.

"Our new website helps us tell a more complete story about just how affordable and what a great investment a solar energy system can be," stated Bob Ellerby, Principal of Better Solar Solution. "As a SunPower Elite Dealer we bring the biggest bang for the buck to our solar customers!"

Better Solar Solution strives to help homeowners attain the best return on investment while they transition from fossil fuels to clean, renewable solar. They assist customers with their financing choices and provide information regarding tax credits, incentives, expected savings on their electric bills as well as the potential for added value to their structures. Solar customers can have more predictable energy costs while also adding resiliency against outages. Currently Better Solar Solution serves communities throughout California, Colorado and will soon be offering SunPower solar consultations in Illinois.
