

Migraine Drugs Market | Asia-Pacific is expected to grow at the highest CAGR of 4.4% from 2018 to 2025

Migraine Drugs Market Expected to Reach \$2,190 Million, Globally, by 2025

PORTLAND, OREGON, UNITED STATE, July 14, 2022 /EINPresswire.com/ -- According to a new report published by Allied Market Research, titled, "[Migraine Drugs Market](#) by Type, Route of Administration, and Distribution Channel: Global Opportunity Analysis and Industry Forecast, 2018-2025, the market was valued at \$1,713 million in 2017, and is expected to reach \$2,190 million by 2025, growing at a CAGR of 3.1% from 2018 to 2025. North America is anticipated to be the highest revenue contributor throughout the forecast period.

Migraine is characterized by a recurrent throbbing headache, which affects only one side of the head. It is accompanied by vomiting, nausea, and even disturbed vision in some cases.

“

Surge in awareness about migraine treatment and prevention across globe is anticipated to drive growth of the market. Rise in female population worldwide is the key factor that augments market growth.”

Key Findings of the Migraine Drugs Market:

North America occupied two-fifths share of the global migraine drugs market.

Oral is anticipated to grow with the highest CAGR

throughout the forecast period.

Europe is anticipated to occupy more than one-fourth market share of the global migraine drugs

market by 2025.

Asia-Pacific is anticipated to grow at the highest rate during the analysis period, followed by LAMEA.

North America was the leading revenue contributor to the global market in 2017, owing to surge in demand for better healthcare along with effective government reforms for awareness towards migraine & its prevention. However, Asia-Pacific is expected to grow at the highest CAGR of 4.4% from 2018 to 2025, due to improvements in healthcare infrastructure and rise in demand for better healthcare facilities.

The report provides an extensive competitive analysis and profiles of the key market players such as Abbott Laboratories, Allergan Plc., AstraZeneca, Eisai Co., Ltd., Endo International Plc., GlaxoSmithKline Plc., Impax Laboratories, Johnson & Johnson, Merck & Co., and Pfizer Inc. The other players in the value chain (not included in the report) include Novartis International AG, Teva Pharmaceutical Industries Limited, and Sanofi SA.
