

DotCom Magazine Names Boyd Street Ventures an Impact Company of 2022

Unique VC firm targets under-the-radar investments with above-average returns

NORMAN, OKLAHOMA, UNITED STATES, July 19, 2022

/EINPresswire.com/ -- Early-stage venture capital firm Boyd Street Ventures recently received the DotCom Magazine Impact Company of the Year Award for the second straight year. The award celebrates shape-shifting entrepreneurs and their privately-owned companies making an impact that benefits their clients while also helping the world become a better place.

"It's a distinct honor to again be recognized among such a respected group of privately owned companies that are moving the needle on business strategy and making significant impact on the economy," said James H. Spann, Jr., Managing Partner, Boyd Street Ventures.

“

At Boyd Street Ventures, we target under-the-radar investments delivering above-average returns.”

James H. Spann, Jr., Managing Partner

Boyd Street Ventures is a one-of-a-kind venture capital firm that focuses its early stage investments on under-the-radar, innovative startups within the University of Oklahoma ecosystem that offer the potential of above-average returns. The University has received the Carnegie Classification's highest rating for research activity. Led by Mr. Spann, the Founder and an avid alum, and Co-Founder Jeff Moore, the Executive Director of the University's Ronnie K. Irani Center for the Creation of Economic Wealth,

Boyd Street Ventures enjoys exceptionally close exposure to University-related startups and the ability to provide risk-reducing strategic and operational counsel to them through its Venture Studio.

About Boyd Street Ventures

Boyd Street Ventures is an early-stage venture capital firm connecting institutional and other investors to high-growth investment opportunities within the ecosystem of University of Oklahoma, recipient of the Carnegie Classification's highest rating for research activity. BSV places Pre-Seed, Angel, Seed and Series A investments in the Aerospace & Defense Technology, Energy Technology, FinTech, Life Sciences/BioTech, and Weather Technology sectors. The firm focuses on under-the-radar startups that are less likely to have their prices overbid and overpriced than are startups from East and West Coast universities. This strategy, coupled with its ability to provide strategic and operational counsel to these startups through its Venture Studio, enables BSV to target above-average returns for its investors.
