Understand and Maximize Social Security Benefits with Fraser Allport, Fiduciary

Daytona Beach Shores, Florida, United States.

Starting Social Security benefits is one of the most significant financial decisions of one's entire Life because Social Security comprises such a large part of a person's Retirement, and the check is for the rest of one's Life.

But many Americans short-change themselves on the amount of their Social Security check because they do not fully understand their options for different Claiming Strategies. This is especially true for Married Couples, Divorcees, and the Widowed regarding complicated Spousal Claiming Strategies.

The problem is that once a person has begun Social Security benefits ... that Claiming Strategy is irrevocable after collecting 12 months of checks. So if a person chooses the wrong Social Security Claiming Strategy ... The Claimant will be stuck for

Life with a check that is lower than they were legally entitled to.

Thus it is critical that a person understands all of the different Claiming Strategies, especially for Married Couples, Divorced, Survivors, Disabled, and Minor Children of Deceased Parents.

Don't file for Social Security without reading Fraser Allport's Complimentary Social Security Claiming Analysis. Get the highest check that a Claimant is legally entitled to.
