▣ Artificial Intelligence & [Robotic Solutions](#) for Multiple Applications.

▣ Sales Reaching New Record Levels with Latest Orders Booked in June.

▣ New NFT Launched Based on Company Products.

▣ Weapon Detection to be in Release of Analytics Software Suite. School Protection Article by CEO Steve Reinharz Published Online.

"Every major client of ours, and those in RAD's sales funnel typically starts slowly, with a single device or two," said Mark Folmer, President of RAD. "As they experience the great results, value, and savings RAD delivers, we anticipate scaling and broader deployments, just as we're seeing

with this and other clients.”

The Company also confirmed that with this order for 5 RAD devices, the client’s total number of units deployed and/or on order is 44. The Company expects to receive permission from this client to share its name, RAD device use cases, and applications in the coming weeks.

About AITX:

Artificial Intelligence Technology Solutions (Stock Symbol: AITX) is an innovator in the delivery of artificial intelligence-based solutions that empower organizations to gain new insight, solve complex challenges, and fuel new business ideas. Through its next-generation robotic product offerings, the AITX RAD, RAD-M and RAD-G companies help organizations streamline operations, increase ROI, and strengthen their business.

AITX ROAMEO

AITX technology improves the simplicity and economics of patrolling and guard services and allows experienced personnel to focus on more strategic tasks. Customers augment the capabilities of existing staffs and gain higher levels of situational awareness, all at drastically reduced cost. AITX solutions are well suited for use in multiple industries such as enterprises, government, transportation, critical infrastructure, education, and healthcare.
