

Efficient Integration of Technology & Agriculture - MarketsandMarkets Next-Gen AgriTech Conference!

PUNE, MH , INDIA, July 18, 2022

/EINPresswire.com/ -- The past decade has seen an immense transition from traditional farming methods to utilization of latest technologies to transform the practice of farming. The [MARKETSANDMARKETS NEXT-GEN AGRITECH CONFERENCE](#) scheduled for

the 17th- 18th OCTOBER 2022 in CHICAGO, USA shall bring together leading minds & key decision makers of the industry to showcase important developments, challenges to adoption of innovative designs & the potential benefits to end users & farmers alike.

With growing importance to shift to methods of sustainable agriculture in an effort to reduce adverse impact on the soil, climate & environment, a huge emphasis has been placed on precision farming technologies encompassing GPS, GIS, Variable Rate Application, Sensors & the use of UAVs & Drones to create efficient farm management & monitoring systems.

The 2-day conference, comprising CEOs, CMOs, Food System Specialists, Environmentalists & Head Growers will hope to shed light on the future pathways of agricultural development by providing a stage for cross-discipline networking through in-depth presentations, case studies, breakout sessions & keynotes.

A SNIPPET OF THE MAJOR TOPICS TO BE DISCUSSED

- Precision Horticulture and Viticulture
- Satellite-Based Applications for Precision Agriculture
- Food and Agricultural Immunology
- Livestock Production Systems
- Genetic Engineering in Animal Farming
- Factors Effecting Sustainability
- Global Trends and Challenges in Agriculture Green House Agriculture
- Post-harvest technologies for reducing food losses
- Vertical farming
