Pago, American Samoa and Guam.

so to be recognized as one of the best in the industry is very special and humbling,” stated Paul Skellon, Director Marketing, Communication & PR.

With daily shipments averaging more than 250,000 pounds to Hawaii, some of the world’s most remote islands, PAC continues to tackle pandemic-induced disruptions, higher freight costs, skyrocketing fuel prices, and labor shortages affecting freight forwarders and airlines throughout the industry. Even with those challenges, Pacific Air Cargo earned a place with the best of the best.

“I would like to say thanks to each and every one of our Team Members for their hard work, professionalism, and exceptional customer service which has been recognized by our partners, customers, and the wider Freight Forwarding industry,” remarked Tanja Janfruechte, CEO & President of Pacific Air Cargo. “We should all be very proud.
