

Polycarbonate Sheets Market to Flourish Owing to Heavy Investments by Various Players

Surge in demand from the farming sector and rise in need for polycarbonate sheets from several end-use industries have boosted the growth of the global market.

PORTLAND, OREGON, UNITED STATES, July 19, 2022 /EINPresswire.com/ -- The global [polycarbonate sheets market](#) is projected to reach \$2.1 billion by 2028, growing at a CAGR of 5.7% from 2021 to 2028. The report highlights market characteristics, market potential, growth by segmentation, and competitive landscape.

Polycarbonate Sheets Market Report

Eswara Prasad, Manager, Materials & Chemicals at Allied Market Research, stated, "Surge in demand from the farming sector and rise in need for polycarbonate sheets from several end-use industries have boosted the growth of the global polycarbonate sheets market. However, the environmental impact of polycarbonate sheets hinders the market growth. On the contrary, increase in demand from developed countries would unlock new opportunities for the market players in the future."
