Some Key Highlights

Passenger vehicles segment is expected to account for a larger revenue share during the forecast period, owing to rapid urbanization and high population growth, along with improving living standards, and high purchasing power of people in many parts of the world.

Infrared camera segment is expected to register a rapid revenue CAGR during the forecast period, due to increasing need for detecting obstacles even from a long range.

Park assist system segment is expected to lead in terms of revenue contribution to the global market over the forecast period, due to increasing need for helping drivers to park vehicles with better precision.

The report further studies the key companies operating in the industry and their company profiles, product portfolio, expansion strategies, and strategic alliances such as mergers and acquisitions, collaborations, and joint ventures, among others. It also offers insights into their market reach and global position, along with highlights about their achievements and financial standings.

Major Players/Manufacturers profiled in the report are:

Intel Corporation (Mobileye, Inc.), Robert Bosch GmbH, Denso Corporation, Continental AG, Magna International, Inc., Valeo S.A., TRW Automotive U.S. LLC, Aptiv Plc, Autoliv, Inc., and Garmin, Ltd.

New business strategies, challenges and policies are mentioned in the table of contents, please request TOC at@ <https://www.emergenresearch.com/industry-report/automotive-camera-market>

Emergen Research has segmented the global automotive camera market on the basis of vehicle type, technology, application, and region:

Vehicle Type Outlook (Revenue, USD Billion; 2019–2030)

Passenger Vehicles

Commercial Vehicles

Technology Outlook (Revenue, USD Billion; 2019–2030)

Infrared Camera

Thermal Camera

Digital Camera

Application Outlook (Revenue, USD Billion; 2019–2030)

Park Assist System

Lane Departure Warning System (LDWS)

Adaptive Cruise Control (ACC) System

Driver Monitoring System

Autonomous Emergency Braking (AEB) System

Blind Spot Detection (BSD)

Others

A closer look at the aspects including but not limited to market segmentation by the end-user, end-use, geography, type, and application forms an integral part of the research report. In addition, in-depth analysis of critical factors such as spending capability, gross margin, business environment and profit for the forecast period 2022 - 2030 holds critical information and is based on curated facts and logical arguments. Importantly, validation of statistics recent acquisitions and mergers, collaborations and product launches serve as testimonials for stakeholders, field marketing personnel, product manufacturers and business evangelists on how a product will be positioned in the real world in years to come.

Major Regions Covered in the Automotive Camera Market Report:

North America

Europe

Asia Pacific

Latin America

Middle East & Africa

The report covers key points of the market, including the standards, regulations, and policy changes applied by the government on the industry for the coming years. The report encompasses thorough research carried out by the application of advanced analytical tools such as SWOT analysis and Porter's Five Forces analysis to pinpoint the growth trends and patterns. Factors likely to influence the growth of the market, current trends, opportunities, restraining factors, and business landscape are discussed in-depth in the market study.

Key Reasons to Buy This Report:

The report presents a thorough examination of the Automotive Camera market, elaborating on its core segments. The report conducts historical and future assessments of the market dynamics and offers precise data in a well-organized order.

The report evaluates the most prominent market growth potentials, dynamic market trends, driving factors, restraints, investment opportunities, and threats.

The report is inclusive of an in-depth study of the industry variables, manufacturers' value chain, sales volume, market share, competitive landscape, and effective business tactics.

The report further identifies the key regions and segments dominating the market. These regions are foreseen to register fast-paced growth over the forecast duration.
