

Josh Baazov: Helps with Cryptocurrency Investment in the Booming Market

CANADA, July 21, 2022 /EINPresswire.com/ -- Surge in adoption of [cryptocurrency](#) as an investment option has led to investors relying on [Josh Baazov](#), who provides guidance in the booming cryptocurrency market.

"You can't stop things like Bitcoin. It will be everywhere and the world will be readjust. World government will have to readjust." The global cryptocurrency market size was worth \$1.49 billion in the year 2020. It is estimated to reach \$4.94 billion by 2030, increasing at a CAGR of 12.8% from the year 2021 to 2030.

There are many companies that can aid investors with the investment with their strategies and tools. Josh Baazov is one such name, who is a Canada-based serial entrepreneur. He has in-depth knowledge in the cryptocurrency field. If a person wants to invest his hard-earned money in the right place, then he must get in touch with him.

As far as user index is concerned, 2021 reflects a 97% confidence in cryptocurrencies. The adoption is quite high which is evident from the fact that cable operators in Canada, retailers in some places are accepting crypto payments.

In fact, Bitcoin has surged 66% in February 2021. 36% of SMEs in the US accept Bitcoin. Some biggies that accept Bitcoin payments across the world are:

- Wikipedia
- Microsoft
- AT&T
- GYFT
- Virgin Airline
- Home Depot

Josh Baazov is known for his expertise and helps thousands of people every year. An interested

investor should go through his portfolio in order to understand his knowledge in this field. As we all know, cryptocurrency has become extremely famous in recent years. With an electrician educational background in Canada, Josh is a serial entrepreneur and has invested in multiple start-ups like Ecowave, Mindfly, Terrific.live, and more.

He has great client reviews and innovates constantly in the high-tech start-up spectrum. Since 2020, he has overseen the projects of Open Baazov Canadian foundations, a network of over 20 regional and national foundations in Canada. The prospects of cryptocurrency are huge and people are constantly investing in it because of the hefty returns. There are multiple firms or investors who can guide with this genre.

If a person resides in Canada, then there is a few news that will ensure him that investment in this genre is totally worth it. The government is also moving towards [blockchain](#) adoption. Innisfil in Ontario has announced that its authorities will start to accept cryptocurrencies like Bitcoin for property tax payments.

Blockchain is also used to power a decentralized ledger for information tracking which is found at the heart of a mobile mesh networking platform. It is done to connectivity among the Canadian indigenous population.

Cryptocurrency has been in the news for quite some time now and this is the right time to make the most of this investment type. An investor can witness it multiply manifolds but with the help of the right guidance and Josh is the right name here.

Crypto investment is way more complicated than it looks. If a person doesn't want to take risks and yet make money, then he must trust someone with a solid portfolio.
