The surface-active agents market consists of sales of surface-active agents and related services for usage in detergents, wetting agents, emulsifiers, foaming agents, and dispersants in order to lower the surface tension.

[Global Surface Active Agents Market Trends](#)

Extra concentrated laundry detergents are becoming popular as it reduces water consumption. According to the surface active agents market research, companies are developing concentrated detergents that can save as much as 45 million gallons of water per year and also require less plastic for packaging and make transportation more energy-efficient. For example, Sokalan® HP 20, improves the dissolution of the surfactants into the liquid, providing a 30%-50% reduction in cold-water dissolution time. Major companies manufacturing extra concentrated laundry detergents include Unilever, Procter & Gamble, Henkel AG & Company, and Church & Dwight Co., Inc.

Global Surface Active Agents Market Segments
