

Polystyrene-Plastic Material And Resins Global Market To Grow At Rate Of 14% Through 2026

*The Business Research Company's
Polystyrene-Plastic Material And Resins
Global Market Report 2022: Market Size,
Trends, And Forecast To 2026*

LONDON, GREATER LONDON, UK, July
20, 2022 /EINPresswire.com/ --

According to 'Polystyrene-Plastic
Material And Resins Global Market
Report 2022 – Market Size, Trends, And
Global Forecast 2022-2026' published

by The Business Research Company, the polystyrene-plastic material and resins market size is expected to grow to \$68.44 billion in 2026 at a CAGR of 14.5%. The demand for packaged goods increased the consumption of polystyrene for their packaging, driving the market.

The polystyrene market consists of the sales of polystyrene and related services. Polystyrene is a synthetic thermoplastic material formed through polymerizing styrene. It is used in modeled products, foams, and sheet materials.

Global [Polystyrene-Plastic Material And Resins Market Trends](#)

According to the polystyrene-plastic material and resins industry overview, construction and packaging sectors in developing countries are increasingly using Expanded Polystyrene (EPS). EPS provides design and structural cohesion to construction projects and possesses physical and mechanical properties required for insulation, which is shaping the polystyrene-plastic material and resins market outlook. It is mostly used in the construction sector due to properties of closed air low thermal conductivity, low water absorption, lightweight, mechanical resistance, and sound resistance. EPS offers sound weight and volume performances compared to other building materials making construction simple.

Polystyrene-Plastic Material And Resins Global Market
Report 2022: Market Size, Trends, And Forecast To
2026

The global polystyrene-plastic material and resins market is segmented:

By Product Type: Expandable Polystyrene (EPS), General-Purpose Polystyrene (GPPS), High-Impact Polystyrene (HIPS), Extruded Polystyrene (XPS)

By Application: HVAC Insulation, Rigid Packaging, Seating, Flexible Packaging

By End-User Industry: Automotive Industry, Electronics, Thermal Insulation Industry, Pharmaceuticals, Consumer Industry, Packaging Industry, Construction Industry

By Geography: The global polystyrene-plastic material and resins market report is segmented into North America, South America, Asia-Pacific, Eastern Europe, Western Europe, Middle East and Africa. Among these regions, Asia Pacific accounts for the largest share.

Polystyrene-Plastic Material And Resins Global Market Report 2022 is one of a series of new reports from The Business Research Company that provides polystyrene-plastic material and resins market overviews, analyzes and forecasts market size and growth for the global polystyrene-plastic material and resins market, polystyrene-plastic material and resins market share, polystyrene-plastic material and resins market segments and geographies, polystyrene-plastic material and resins market players, polystyrene-plastic material and resins market leading competitor revenues, profiles and market shares. The polystyrene-plastic material and resins market report identifies top countries and segments for opportunities and strategies based on market trends and key competitors' approaches.

TBRC's Polystyrene-Plastic Material And Resins Global Market Report 2022 includes information on the following:

Data Segmentations: Market Size, Global, By Region and Country, Historic and Forecast, and Growth Rates for 60 Geographies

Key Market Players: A.Schulman Inc, ACH Foam Technologies, Inc, Alpek S.A.B. de C.V, Americas Styrenics LLC, Atlas Roofing Corporation, Austrotherm GmbH, BASF SE, BEWiSynbra Group, Brødr. Sunde as, and Chi Mei Corporation.

Regions: Asia-Pacific, China, Western Europe, Eastern Europe, North America, USA, South America, Middle East and Africa.

Countries: Australia, Brazil, China, France, Germany, India, Indonesia, Japan, Russia, South Korea, UK, USA.

And so much more.
