About GBEX Token

The GBEX Token is a Bank/Exchange utility token on the Globiance Platform. GBEX is a utility token designed to offer endless utility and benefits to GBEX holders. Users can use their Globiance debit-card or 'GBEX tokens' to go shopping, pay bills, buy/trade on the exchanges, withdraw FIAT and make transactions while earning GBEX token rewards.

GBEX is a deflationary token - making trades on the CEX or DEX (available on the Globiance Platform) keeps the total GBEX supply constantly burning and melting away - with every transaction. GBEX is built on the XDC network and Blockchain 4.0 (XDPOS 2.0) - one of the fastest most reliable networks available. Metaversers will reap the benefits from Playing-to-Earn, everytime they receive their GBEX tokens Rewards.
