

Nebraska US Navy Veterans Mesothelioma Advocate Has Endorsed the Lawyers at Danziger & De Llano to Ensure a Navy Veteran with Mesothelioma in Nebraska Gets a Top Compensation Result That Might Be Millions of Dollars

OMAHA, NEBRASKA, USA, August 25, 2022 /EINPresswire.com/ -- The Nebraska US Navy Veterans Mesothelioma Advocate says, "We have endorsed, and we highly recommend the remarkable legal team at the law firm of Danziger & De Llano to assist a Navy Veteran with mesothelioma anywhere in Nebraska. We are urging a person like this or their family to please call the remarkable legal team at Danziger & De Llano anytime at 800-864-4000 to discuss compensation. Financial compensation for a person like this might be in the millions of dollars.

"The typical Navy Veteran with mesothelioma in Nebraska was probably exposed to asbestos on a navy ship, submarine or at a shipyard. Most Navy Veterans who will develop mesothelioma were in most instances exposed to asbestos on their ship or submarine making repairs or maintaining equipment. The reason we have endorsed the law firm of Danziger & De Llano for a Navy Veteran with mesothelioma in Nebraska or anywhere in the nation is because they get the best compensation results for people like this.

"Before a Navy Veteran with mesothelioma or their family hires a lawyer to assist with financial compensation, please call the remarkable legal team at Danziger & De Llano anytime at 800-864-4000. We are certain you will be glad you did." <https://meso.dandell.com>

For the best possible mesothelioma treatment options in Nebraska the Nebraska US Navy Veterans Mesothelioma Advocate strongly recommends the following health care facilities with the offer to help a diagnosed victim, or their family get to the right physicians at each hospital.

* Creighton University Medical Center Omaha, Nebraska:

* University of Nebraska Medical Center Eppley Cancer Center Omaha, Nebraska:

Every US Navy ship vessel built up to 1980 contained asbestos. Extreme exposure to asbestos may have occurred to US Navy Veterans if they were assigned to a navy ship's engine room, as a machinist's mate, electrician, plumber/pipefitter, mechanic, in engineering, as a repair crew member, as a crew member on a nuclear submarine or as a member of the Navy Seabees. Additionally, a US Navy Veteran could have received extreme exposure to asbestos if they were required to stay on their ship or submarine for a major repair, overhaul or retrofit at a shipyard. Asbestos exposure was so extreme on US Navy ships and submarines, about one third of all US citizens diagnosed with mesothelioma each year are Veterans of the US Navy.
